

# Royal Quality

It is the high quality of Royal Baking Powder that has established its great and world-wide reputation.

Every housewife knows she can rely upon it; that it makes the bread and biscuit more delicious and wholesome—always the finest that can be baked.

It is economy and every way preferable to use the Royal, whose work is always certain, never experimental.

There are many imitation baking powders, made from cheap ingredients. They may cost little per pound, but their use may be at the cost of health.

Never experiment with so important an article as the human food

## GIRL AND HER LOVER ECCELES ESTATE HAS HALTED BY THE OFFICERS LARGE SUM FOR STATE TAX

Love's young dream burst like a bubble for Walter Smith and Pearl Agnes Hixon yesterday afternoon. As they were in the very act of signing their names to a marriage license in the county clerk's office in Salt Lake, a deputy sheriff put his hand on the prospective bridegroom's shoulder and placed him under arrest. The bride-to-be wept and Smith entered vigorous protest, but to no avail. They were held for the state parole agent, E. M. Rowe of Ogden.

It was explained by the parole agent that young Smith and his sweetheart were wards of the juvenile court being on parole from the state industrial school. They had failed to obtain permission for their marriage from the juvenile court officials and hence their romance was under the ban.

The boy is 18 years old and the girl is a few months his junior. Their love affair, it was said, dated from the time of their commitment to the industrial school two years ago.

Both Smith and Miss Hixon were committed from Salt Lake City for waywardness. They proved apt in assimilating the things that are taught at the industrial school and were soon paroled, the boy going to Salt Lake to live with his mother and the girl finding a position with a wealthy Ogden family. It was arranged that they should not reside in the same town.

They corresponded for some time and finally decided upon matrimony. Young Smith came to Ogden last Sunday and took the girl to his mother's home in Salt Lake. Mrs. Smith accompanied the young couple to the county clerk's office yesterday to give her consent to the marriage of her son.

Alive to the situation, the parole agent telephoned to all parts of the state to prevent the marriage. County clerks were notified to call the sheriff if the young couple put in an appearance. As soon as the boy gave his name the license clerk, J. U. Eldredge, Sr., stepped to a telephone and communicated with the sheriff.

Being only 18 years old and under commitment to the industrial school, young Smith must now wait three years before he can marry. He and the girl were brought back to the school last night.

### ILLEGAL HUNTING CHARGED

Pocatello, Idaho, Nov. 11.—Claude Smith, a resident of Pocatello, was yesterday arrested by Deputy Sheriff James Lewis on the charge of violating the game laws. It is alleged that Smith, while on a hunting trip near the Yellowstone park, killed an elk or two and also a moose.

### WAGON "LOAD" TOO MUCH

Montpelier, Idaho, Nov. 11.—Jacob Rohner was arrested Sunday afternoon under the local option law, it being alleged that he had too much liquor in his possession. A wagonload was found in his room and confiscated. Rohner is out under bonds.

### NUNN'S COMPANY IS PUSHING WORK

Boise, Idaho, Nov. 11.—L. L. Nunn, president of the Idaho Power & Light company, arrived in the city this week and was in conference with General Manager Bacon, H. W. Sanders of Los Angeles and Mr. Crane of the Idaho Railway company in going over the Swan Falls power plant. When asked today if the Idaho-Oregon had bought the Idaho Power & Light company, he said emphatically it had not, that steps were being taken to foreclose the Idaho-Oregon at a bankruptcy sale, and that whether or not the Idaho Power & Light company would purchase it as such sale would depend upon the price at which it was sold.

When asked if he had seen S. L. Fuller's testimony in court in reference to an arrangement between the various hydro-electric interests in this territory, he said that he had not, but he understood that Mr. Fuller's statement was that a satisfactory operating arrangement had been made, in which he concurred. He said the Beaver River Power company had been furnishing the other power companies with power for some time and that the company would have been in distress without the Malad-Beaver river power. Mr. Nunn said further that the installation of a second power plant on the Malad is being vigorously pushed, and that distributing systems are being installed in Twin Falls, Buhl and Pocatello, the recent decision in favor of the Beaver River Power company and against the Kuhn's, affecting both the water and land rights on the Malad, did not in any way change the plans of the company, as they had been fully anticipated. He had always considered the Kuhn claims without merit, he said, and made for the purpose of harassing the Beaver River Power company in its financial arrangements. Mr. Nunn will visit the Malad construction Monday and then leave for New York.

### MOTHER AND WIDOW TO SHARE EQUALLY

New York, Nov. 11.—Charles G. Gates, who died suddenly in Wyoming ten days ago, divided his fortune equally between his mother, Mrs. John W. Gates, and his widow, Mrs. Florence Hopwood Gates. His estate is estimated, the lawyers said, at from \$3,000,000 to \$5,000,000. Gates executed his will, which will be filed soon, on August 2, 1912. This was a short time after his first wife had divorced him and he had married Miss Florence Hopwood of Minneapolis. The first wife is not mentioned in his will, but she will have an interest in any real estate her former husband owned. His fortune was made up of securities.

The will makes specific bequests amounting to \$400,000. The two largest legacies are \$100,000 each to Gates' two cousins. These legatees are Henry Rockwell Barker of St. Charles, Ill., a son of the elder Mrs. Gates' brother, and Deller S. Angell, 12 years old, a daughter of the elder Mrs. Gates' sister.

The personal effects of Gates, including some very valuable pictures and statuary, are divided equally between his mother and his widow.

The inheritance tax which will be paid to Utah out of the estate of David Eccles will amount to approximately \$300,000. This has been determined by the final estimate of the board of appraisers named by the court to approximate the valuation of the property of the estate subject to inheritance tax.

The board of appraisers which is now formulating its final report of the value of the property and securities held by the estate, has announced that the property subject to the provisions of the inheritance tax law is about \$6,000,000 in value. The state under the inheritance tax law, will receive 5 per cent of this amount, or approximately \$300,000.

The Eccles inheritance tax will be the largest ever received by the state from a single estate, with the exception of the Harriman tax, which amounted to \$758,000. The heirs to the Eccles fortune have not yet had the opportunity to dispute the accuracy of the figures made by the board of appraisers, but it is understood that the heirs have shown a disposition to see to it that the state secures its just proportion of the estate.

For several months the board of appraisers, C. F. Middleton, Thomas A. Whalen and Archie McFarland, have been going over the properties and securities held by the late Ogden millionaire. The preliminary estimate was \$4,500,000. This was raised to \$6,000,000 by the board after it had concluded its investigation. The Eccles estate will not be distributed among the heirs until after the payment of the inheritance tax. In order to ascertain the amount of the inheritance tax to be deducted from the estate, Judge J. A. Howell of Ogden named a board of appraisers as the value of the property subject to inheritance tax does not represent all of the fortune of the late David Eccles. The property estimated consists of real estate and improvements in Ogden, Logan and Brigham City, of money in Utah banks, of stocks and bonds of Utah, Idaho and Oregon corporations. It does not include, however, large realty holdings in other states. Mr. Eccles owned large tracts of timber bearing lands in Idaho and Oregon and these are not subject to the Utah inheritance tax, and therefore are not included in the estimate of the board of appraisers. The total value of the estate, it is believed, will be from \$10,000,000 to \$12,000,000.

BOOTH REFUSES TO QUIT ATTORNEYSHIP  
Salt Lake, Nov. 12.—United States District Attorney Hiram E. Booth has notified Attorney General McReynolds that he will decline to resign. In a letter to Senator Sutherland Mr. Booth sets forth the reasons for his declining to accede to the request of the attorney general. The reasons have not been made public.

A few weeks ago Mr. Booth received from the attorney general a request that he resign from the service of the government. The resignation was asked for in conformity with the announced policy of the administration to appoint to positions in the department of justice persons known to be in full harmony with the administration.

Mr. Booth has at all times since receiving the request that he resign refused to discuss the matter for publication. That he had written a letter declining to resign became known several days ago. This report was confirmed by Senator Sutherland, who declared yesterday that he had received a letter from Mr. Booth, but he declined to discuss its contents. Senator Sutherland, it is believed, has interviewed the attorney general with reference to Mr. Booth's position.

Should Mr. Booth persist in his refusal to resign it is probable that he will be removed by the president. His term does not expire until next summer, but the president has the power to remove any appointive officer. That such a course would be likely in Mr. Booth's case was admitted by friends of the district attorney.

### STATE HIGHWAY PLEASED.

Brigham City, Nov. 11.—The state highway, which has been under construction during the past year, has reached the city limits of this city and it is said that the road is one of the best in the whole state. It is thirteen miles long and cost on an average of \$2000 a mile. Up to the time the last work was done approximately \$26,000 had been spent by the county and state. The first five miles from Hot Springs to South Willard were built by convicts from the state penitentiary two years ago, and the material used was crushed rock, but when the work was resumed this year the plans called for an earth highway. All creeks along the route are spanned with concrete bridges and the road the entire distance is smooth and level.

Expert road builders have had charge of the road and the results will be gratifying to the traveling public. It is understood that the county commissioners will make an effort to keep the road in excellent condition, it being the intention to sprinkle it thoroughly in the summer. The water question has yet to be solved, but this matter will be taken up at a later date.

### JACOB WICKLAND BURIED

Monroe, Nov. 11.—Funeral services over the body of Jacob Wickland, aged 65, were held yesterday afternoon in the Presbyterian church. Death followed an operation for appendicitis. The Rev. E. Hanks of Richfield had charge of the services and preached the funeral sermon. A quartette comprising Mrs. G. N. Campbell, Miss Mary Lowry, C. M. Christian and Austin Yergenson furnished the music. The decedent, who was buried beside his wife and child in the Monroe cemetery, is survived by four daughters, Elsie and Crystal Wickland, Mrs. C. Gifford and Mrs. Alice McClure.

## Special GOSSARD Demonstrator Direct from the Factory

Mrs. M. L. Sexton, special demonstrator of the H. W. Gossard company, has joined with us this week in an earnest endeavor to bring to every woman in Ogden the latest style news and information regarding new models in Gossard Corsets.

We invite you to visit our Corset Department today. A fitting in a Gossard Corset does not obligate you—it only affords you an opportunity to show you how we can improve your figure immediately—when correctly fitted to a Gossard Corset.

Demonstration continues four more days.

# BURT'S

### WILL GIVE DINNER IN HONOR OF BUSH

Salt Lake, Nov. 12.—A complimentary dinner for President B. F. Bush of the Gould system of railroads and the members of his party will be given by the Commercial club next Saturday night. President Bush will arrive in Salt Lake Saturday morning. He is making a tour of inspection of the Gould railroads.

The members of the Commercial club will meet President Bush at the club at 6:30 o'clock. Dinner will be served immediately thereafter. Frank Knox, president of the National Bank of the Republic, will be toastmaster. There will be responses by Governor Spry, Frederick A. Sweet, Lafayette Hanchett and John F. Bennett. An augmented orchestra will furnish music during the entire evening.

Those in Mr. Bush's party are: E. L. Marston of Blair & Co., New York; Alonzo A. Porter of Solomon & Co., New York; E. L. Brown, vice president Denver & Rio Grande and Western Pacific; John Drew, vice president Missouri Pacific road; C. M. Level, vice president and general manager Western Pacific; J. M. Johnson, vice president in charge of traffic.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active. ### MANY AT WIGHT OBSEQUIES

Brigham City, Nov. 11.—This afternoon in the Second ward chapel funeral services were held over the body of Mrs. Ephraim Wight, who died at her home on First West street Saturday evening after suffering several weeks. A large number of relatives and friends attended the

services, which were presided over by Bishop Thomas H. Blackburn. Interment was in the City cemetery.

Funeral services will be held tomorrow afternoon at 1 o'clock for Mrs. Karen Hansen, who died Sunday evening at her home. Second West and Seventh South streets, at the age of 89 years, of general debility. She is survived by a son, Hans Knudson, in this city.

### K. C. OFFICERS INSTALLED

Pocatello, Idaho, Nov. 11.—Judge J. M. Knowles and Attorney P. C. O'Malley returned yesterday from Idaho Falls, where they had spent a day in installing the first officers of the Idaho Falls lodge of Knights of Columbus, which was organized one year ago. Judge Knowles, who is district deputy of the order, presided at the installation, and reports a pleasant time.

### EPHRAIM TO HAVE A NEW INDUSTRY

Ephraim, Nov. 11.—Plans have been completed during the week for the erection of a pea factory in this city. It is an assured fact that the factory will be completed in order to handle next year's crop, which will be over 600 acres. That a prolific pea crop can be grown in this section of the country has often been demonstrated.

The factory will cost approximately \$30,000. J. A. Law of Salt Lake has been promoting the industry. A meeting was held by the Commercial club members, who appointed H. P. Peterson, F. H. Rasmussen, C. Willardson and Charles Johansen to go to Morgan county and investigate the industry, and their report was even more encouraging than could be expected. J. S. Fletcher of Colorado Springs is now on the ground and will superintend the work. H. P. Peterson, Ole Larsen and Peter Greaves will assist in looking up a location.

The factory will cost approximately \$30,000 and will be equipped with the very latest machinery. There will be a process room, warehouse, and a fire-proof boiler room. The factory will have an initial capacity of 40,000 cans per day and provision will be made to double this capacity without necessitating the remodeling of the factory. It is estimated that the pea industry will bring to this city at least \$100,000 annually.

The company will incorporate under the state laws. All the stock is owned by people of Ephraim.

### ARIMO MAN WINS BRIDE

Pocatello, Idaho, Nov. 11.—James F. Cowley of Arimo and Miss Kittie Hall of Downey were married here yesterday. Judge Budge officiating. The contracting parties are well known in this section of the state and will reside in Arimo.

## Bankrupt Sale

I will sell for cash, and subject to confirmation of Honorable S. T. Corn, Referee, at 2473 Washington Avenue, on Thursday, November 13th, 1913, at 2:30 o'clock p. m., all that certain stock of merchandise and fixtures belonging to the estate of D. L. Turk, Bankrupt, who formerly conducted the Manhattan Clothes Shop. Each bidder before bidding must deliver to me a cashier's check or a certified check for \$100.00, as evidence of good faith. The property sold will be free from liens and is open to inspection to prospective bidders upon application to me.

H. L. WHITE, Trustee.

## BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD—END CATARRH

Instant Relief When Nose and Head are Clogged from a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in your nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely, dullness and headaches disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get a small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat, clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with a running nose, fool mucus dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

**BECKER'S BEST**
